[Sit rep r6 8-10-15.pdf](#)

This is the SitRep issued by our region yesterday... you would need to talk to our REOC (Matt Loesel) for other information.... I am actually out of town...

With Regards, Steve

Subject: NM Impacts

Good Morning, Steve,

Please let us know what the impacts are affecting New Mexico as a result of the Colorado goldmine wastewater into the Animas River, Colorado River, and San Juan River?

What is being felt and what is predicted (improving/degrading)? Conditions of water supply systems, etc. I am checking with the NWS, but what do you anticipate happening with the monsoonal rains?

Thank you! I have been asked to send a SPOTREP no later than noon.

Bru-
